2017 KIPONA FOOD VENDOR APPLICATION

Proposals will be reviewed by the City and vendors for the event will be selected based on a number of criteria, including: proposed food items, electrical requirements, space requirements, completeness of proposal, quality of food items, appearance of stand, adherence to festival rules and references.

Preference may be given to event sponsors, City businesses, uniqueness of food product and the order in which proposals are received. All vendors must include a picture of your stand with your proposal. If you are a new vendor you must include a minimum of two references from a minimum of two other events. All non-compliant applications will be returned as incomplete.

When completing an application, please carefully consider the following:

1. Submitting a proposal does NOT guarantee you a space. A vendor permit is a privilege, not a right.
2. Having been accepted in past festivals does NOT guarantee you a space, seniority or any special acceptance privileges.
3. Pre-festival and event food sales: Vendor stand setup will take place the morning of the festival. Unless specifically requested and approved, the sale of food is prohibited until the official commencement of the festival.
4. Applications for more than one space: Vendors may submit applications for more than one vending space, providing that the two locations requested offer different menu items. Acceptance of two different vending proposals from the same vendor does not indicate that the stands will be adjacent to one another. Stands will be arranged within a festival or event based upon the nature of the menu items offered. Vendors should make sure they have the resources and staff to operate two vending locations before they apply.
5. Vending Permits are not transferable by sale or trade. If a vendor sells or transfers title to their business after being accepted in a City event, the letter of acceptance and any event permits issued by the City will be null and void.
6. Vendors may only sell the items listed on the application. New items may not be added after acceptance has been granted. Vendors must post prices for all items as listed in the application. Any vendor who does not post this menu or who changes prices from those submitted will be removed from the festival with no reimbursement of vendor fees, and will not be invited to submit proposals for future events.
7. Vendors who accept special new food area incentives will be bound by those agreements to the areas, themes and duration of the incentives. Vendors who fail to comply with incentive agreements will be penalized in accordance with the agreement and not be invited to submit proposals.
8. Accepted vendors must have a valid City of Harrisburg Health License and General Vendor License. Obtaining these licenses will not guarantee acceptance. Vendors that do not vend at other events in Harrisburg are advised to wait until they have been accepted to purchase these licenses.
9. Once accepted, vendors may not increase the size of their vending space, nor bring supply vehicles that require more space than available behind the vending space. Example: the street space available to a vendor renting a 10' x 10' space is approx. 8' x 10'. Consequently a 5' x 20' truck would not be allowed to park behind a 10' x 10' space. To do this the vendor would have to rent a 10' x 20' space which would allow them to use a 8' X 20' space in the street behind. All equipment including: tents, grills, refrigerators, gas cylinders, prep tables, and additional serving tables (i.e. condiments/napkins) must fit within the space purchased. If, upon set-up, festival staff determines that your operation requires more space than you paid for, you will have to purchase additional space at that time. Please check the size of the space requested.

2017 KIPONA FOOD VENDOR APPLICATION

10. Leaving prior to festival conclusion: Vendors who have exhausted food supplies or are eager to travel, may not leave prior to the official end time of a festival, unless dismissed by the event coordinator(s). Vendors who do not adhere to event published festival vending times will not be invited to submit proposals for future events.

11. Cancellation of festival or festival areas due to weather or emergencies: In the event that severe weather or a declared state of emergency results in the cancellation of any or all festival days or limits festival hours of operation on certain days, **NO REFUNDS WILL BE ISSUED BY THE CITY FOR ANY REASON.**

12. Notification of Acceptance: You will be notified of the status of your proposal after Wednesday, June 1, 2016. Vendor fees must be submitted to the City no later than 10 days after receipt of acceptance. After receipt of fee, no refund of vendor payment(s) will be made to any vendor under any circumstances. All cancellations must be submitted in writing 7 days before the scheduled start of the event. Regardless of the cancellation date, the vendor is still responsible for paying event rent for contracted amount.

13. Front Street Event Traffic Control Rules:

a. **Once Front Street is closed to Traffic, event traffic shall be limited to accessing Front Street from State St and exiting at Walnut St.**

b. The Left lane / Fast Lane of Front Street shall remain clear of parked vehicles at all times. This lane is designated as a Fire Lane during events.

c. The speed limit on Front St and in the Park during event closures shall be 15MPH

d. From the designated start time until the designated end time of the event vehicle traffic on Front St and in the Park shall be limited to Emergency Vehicles Only. No Vendors will be allowed to move vehicles in the event area during operating hours.

14. Stand and space usage:

Any vendor who uses a tent must abide by the following requirements:

1. All tents must be freestanding, frame tents.

2. All tents must be secured by either weights or stakes at each corner of the tent. Weights or stakes cannot be more than 6 inches away from legs of the tent. (The City will advise vendors of those park areas where stakes may not be used. Use of stakes in a "weight only" will result in expulsion from the festival and possible property damage costs)

3. All tents must be fire retardant.

4. There is no color requirement for tents, however tents should be clean and tidy.

5. Vendors must supply their own hoses and ramps for hoses and electrical cables outside of their stands. Vendors may be asked to supply electrical lines as well.

WATER USAGE:

The City **WILL NOT** be able to provide you with access to water. Vendor must provide all necessary water, connections, filters and hoses for vendor water use. Please plan accordingly. **Access to water can be made through Capital Region Water by calling 717-236-4098.**

PARK ELECTRIC RULES

6. All electric cords used during an event must be heavy duty outdoor rated 10/3 grounded cable.
7. Any electric cord or hose that are run over a hard surface (sidewalks, pathways or roadways) must be run in a cord ramp. Taping cords down is no longer an approved method. Ramps can be rented from the City, if needed, at a rate of \$10 per day per ramp section. Ramps must be used across the entire surface.
