Rebecca Vollmer

## **HOW TO USE THE BUDGET DOCUMENT**

This page provides an explanation of the format and content of the Fiscal Year (FY) 2022 Approved Budget document. To find the exact location of this information, please refer to the Table of Contents. The major portions of the document are described as follows:

### **Introductory Information**

This introductory information consists of a pictorial presentation of the City's **Elected Officials** and **Organizational Chart**, and a narrative describing the City's **Organizational Structure**.

### **Budget Overview**

Contained within the Budget Overview is the Budget and Finance section. This section describes the financial and operating policies and procedures that guide the development of the City's budget. Additionally, the Budget Summary section provides the reader a series of financial summaries with information on revenues, expenditures, and staffing levels for FY 2022 and prior years.

### **Budget Detail**

These sections contain information on FY 2022, as well as historical revenue and expenditure information for the General Fund, Special Revenue Funds, Debt Service Fund, and Utility Funds operating budgets. Within each is an organizational chart and a brief description of the services provided. This detail of fund and corresponding department budgets is represented according to:

- Description of individual programs - a listing of the department, bureaus, offices/divisions, and corresponding functions.
- Summary of resources (revenue) and appropriations (expenditures) - total fund budget.
- Detailed information on the staffing complement of all budgeted positions.
- Major Category detail - provides detail of revenues and expenditures for FY 2019 - 2021 Actuals, FY 20201 Adjusted Budget, and FY 2022 Approved Budget. Revenue line-items identify specific funding sources. Expenditure line-items are categorized as Personnel, Services, Supplies, and Other.
- Line-Item Detail- Provides detail of revenue and expenditures at the individual line-item level.

### **Appendices**

This section provides supplemental information on a variety of topics which include Glossary of Terms, Glossary of Abbreviated Terms, and the City's Proposed Budget-Related Ordinances.

---

**City of Harrisburg**  
Our Vision, Mission and Values

---

**OUR VISION**

Harrisburg will be:

1. Financially Honest
2. Fiscally Responsible
3. Dedicated to the Safety of ALL Citizens and Neighborhoods
4. Focused on Developing Our Youth
5. Smart on Redeveloping Our City
6. Building a Better Economy that Meets the Needs of the Greater Region
7. Better at Responding to Those in Need
8. A City That Is Proud Again

**OUR MISSION**

To eliminate Harrisburg's debt burden from prior administrations, slash prior budget's structural deficit, all while maintaining and improving services. To be honest in how we operate and restore faith in how we manage resources that benefit citizens of all ages and demographics.

**OUR VALUES**

1. Honesty
2. Integrity
3. Compassion
4. Dedication
5. Collaboration
6. Innovation

# **CITY OF HARRISBURG**

## **ORGANIZATIONAL STRUCTURE**

The City of Harrisburg has a "Strong Mayor/Council" form of government. The Mayor is the full-time Chief Executive Officer, and City Council Members are the separate, part-time Legislative Body. The Mayor possesses the power to veto legislation. The veto would require a two-thirds vote of City Council to override. As the Chief Executive Officer, the Mayor prepares and submits the budget to City Council for review and approval. Organizationally, this provides the Mayor an institutional focus for planning, programming, and developing policy. In fact, the Mayor clearly and directly has the authority and responsibility to determine public policy relating to financial and administrative matters with appropriate oversight by City Council.

On March 19 (the anniversary of the City's Incorporation as a City in 1860), or another date, the Mayor has traditionally provided the "State of the City" address at a public event. This address presents the general state of the City's finances and overall economy and describes the policies established in the fiscal year budget approved by the Mayor and City Council. The Administration is charged with the responsibility of carrying out the Mayor's policies as set forth by the Budget and in Executive Orders issued throughout the year.

The Mayor, as chief executive, has the sole authority to select, direct, and oversee his/her Administration. As head of the Executive/Administrative Branch of government, the Mayor appoints the Chief of Staff/Business Administrator, whose appointment is confirmed by City Council. The Business Administrator is the Chief Administrative Officer of the City. This position is responsible for overseeing mayoral instruction to directors and deputy directors. With a top-down form of management, department/office directors and deputy directors are fully accountable for departmental operations. This includes overseeing supervisory line management to assure that the City's goals and priorities are met.

The formal organizational structure of the City comprises General Government operations and seven departments: Administration, Finance, Building and Housing, Parks, Recreation and Facilities, Engineering and Development, Public Safety and Public Works. The City's administrative focus is the department. The largest organizational component within a department is the bureau. The structural design of the bureau is closely tied to service output or function. Bureaus provide separation of duties within each department. With responsibilities delegated at such a definitive level, many bureaus can be interpreted as local government programs. A further delineation by division/unit emphasizes the distribution of workloads to achieve a specific output. To evaluate this output, the Budget staff has incorporated policy objectives and performance measurements into the budget document to analyze the effectiveness and efficiency of service delivery. Meeting organizational goals and objectives is the ultimate outcome each department is attempting to achieve.

To account for departmental and office fiscal transactions, the City utilizes the fund basis of accounting whereby all governmental activities are accounted for through a series of distinct funds which include reporting entities to control resources and demonstrate compliance with various legal and budget constraints affecting government. The General Fund accounts for all resources not otherwise devoted to specific activities and it finances many of the basic municipal functions. Other governmental funds include Special Revenue Funds, Capital Projects Fund, Host Fee Fund, State/Federal Grants Fund and Debt Service Fund. The City also has an expendable Trust Fund and one Utility Fund. The budget is organized by fund and is further identified by revenue and expenditure detail.

Some departments combine the operations of more than one fund. The Department of Engineering and Planning combines General Fund operations with the State Liquid Fuels Fund operations and the Department of Public Works combines General Fund and State Liquid Fuels Tax Fund operations with the Neighborhood Services Utility Fund, which is owned and operated solely by the City. Additionally, Parks, Recreation and Facilities department combines General Fund operations with the Neighborhood Services Utility Fund, Parks and Recreation Special Revenue Fund, and Events Fund.

General Government encompasses eight offices, which include separate offices for elected officials. The Office of City Council is made up of seven at-large elected members headed by the Council President. The City Clerk provides technical and administrative support to City Council.

The Office of the Mayor is the administrative office for all mayoral activities. The Mayor, who is elected at-large, is the highest ranking official.

The City Controller and the City Treasurer are part-time at-large elected officials. Each has an office to provide required public service. Both have full-time deputies who are delegated to carry out daily operations.

The Office of the City Solicitor, also referred to as the Law Bureau, is headed by the City Solicitor, who is appointed by the Mayor and confirmed by City Council. This Office ensures that the policies adopted and actions taken by the Mayor and City Council fall within the limitations and authorities prescribed by federal, state, and local statutes and ordinances. Assisting the City Solicitor is the Senior Deputy Solicitor, Deputy City Solicitor, Assistant City Solicitor, and support staff.

The Department of Administration works with the Mayor to establish and uphold policy by overseeing the administrative management and supervision of all City departments. The Chief of Staff/Business Administrator directly oversees the activities of the Bureaus of HR, IT, Tax Enforcement, and Economic and Business Development, and is responsible for the negotiation of all three collective bargaining contracts as well as the risk management, affirmative action and loss control functions of the City. The Chief of Staff/Business Administrator also oversees the work of the Department of Building and Housing, which is headed by a Director, who oversees efforts to maintain and improve the physical stock of the City's neighborhoods and is accountable for all administration of federal CDBG, HOME, LEAD and ESG programming and funds.

The Bureau of Information Technology is headed by a Director and oversees all of the City's information and communication systems.

The Bureau of Human Resources is headed by a Director and manages the City's human resource operation which includes payroll processing, maintenance of personnel records, recruitment, and administering the City's benefits programs.

The Bureau of Licensing, Taxation and Central Support is headed by a Director and is responsible for the billing and processing of mercantile, parking, and amusement taxes as well as certain collection activities on delinquent accounts and is oversees operations of the City's duplicating center.

The Department of Financial Management is headed by the Finance Director, who serves as Deputy Business Administrator of Finance, and oversees and administers all fiscal activities of the City, directing the Accounting, Budget, and Purchasing Offices and works in close conjunction with the Bureau of Grants Management.

The Department of Engineering and Planning consists of the Bureau of Engineering, Bureau of Planning and the Offices of Parking and Traffic Safety.

The Department of Public Safety consists of the Bureaus of Codes, Police and Fire. The Mayor is the Director of this department.

The Bureau of Police is headed by the Commissioner, Deputy Police Chief and a team of Captains. These positions are all classified as management. Uniformed officers under the rank of captain are not classified as management personnel. Lieutenants, sergeants, and corporals fulfill supervisory roles. The Deputy Police Chief and Captain head the Uniformed Patrol, Criminal Investigation, and Technical Services divisions. Within these divisions, additional organizational components exist. Several of these sections or units carry out specified police activities. The variety of police operations and the number of approved personnel make it the largest and most complex bureau in the City's organization. The Police Accreditation Program accounts for some of the structural delineations in this bureau because many stipulations for accreditation require appropriate separation of duties.

The Bureau of Fire, headed by a Fire Chief and two Deputy Fire Chiefs, maintains three fire houses and a large complement of firefighting apparatus with full-time personnel to support these facilities. Other personnel are uniformed firefighters, some of whom are assigned to specific details such as fire safety and fire inspection.

The Department of Public Works is responsible for the Bureau of Vehicle Management in the General Fund and the Bureau of City Services in the Neighborhood Services Fund. Besides regularly scheduled residential and commercial sanitation services, some of the services provided by the Department of Public Works require a twenty-four hour, seven-day-per-week schedule, especially as it relates to traffic and weather-related emergency management issues.

The Public Works Director is assisted by a Deputy Director. The deputy serves as the Deputy Director for Public Works Operations and directly supervises the work of all sanitation crews. The Bureau of Vehicle Management is managed by the Fleet Manager and is responsible for servicing all City vehicles and vehicular equipment.

# **BUDGET AND FINANCE**

## **SCOPE OF THE BUDGET**

The budget for the City of Harrisburg is a multifaceted document that expresses spending policy for the fiscal year, illustrates a resource allocation plan for the Administration to implement, describes the services provided, and provides a means of communication between citizens and elected officials.

The budget spells out a management strategy through specific objectives designed to provide the best services at the most efficient cost. With regard to the delivery of services, these objectives must produce measurable results as key indicators of the effectiveness and efficiency of government policies and programs. Programs must be evaluated every year to determine their legitimacy since limited resources must be allocated between existing programs and the need for new ones. Also, the success of programs and the efficiency with which policy goals are met constitute two performance measures by which managers are evaluated for tenure and annual salary increases.

Interplay between elected officials and input from citizens via budgetary hearings and public access to the budget, further enhances the democratic process involved in the public programming and financing. Elected officials, who experience a wide range of pressures and competing interests, must take the initiative to hold the line on budget growth. As the chief executive, the Mayor is at the center of the budgeting process, commanding a comprehensive perspective on disparate interests. It is the Mayor who takes the lead in determining budgetary policies within an environment of competing priorities and limited local government resources. City Council then examines the Mayor's proposed budget and has the opportunity to make amendments before approving it in final form.

In summary, the budget is a policy instrument, a financial plan, an operations guide, and a communicative device. The true art of budgeting reflects a combination of leadership, independent judgment, competent administration, and cooperation between the various branches of City government.

## **BUDGET PROCESS**

The budget for the City is compiled by the Bureau of Financial Management's Office of Budget and Analysis. The fiscal year for the City of Harrisburg is January 1 to December 31. The actual budget preparation process gets underway in July. One important element of this process is a cooperative effort between the Bureau of Financial Management and Bureau of Information Technology which produces the Position Control Salary Projection reports for all funds. This salary information is vital in preparing personnel projections because it incorporates proposed management increases and bargaining unit contractual increases. Such personnel data greatly assists department directors in determining salary costs for the budget requests.

The City has historically used an incremental budget technique in arriving at the requested figures. Incremental budgeting emphasizes changes in the costs of providing City services based on competing priorities. To evaluate these priorities, department directors/bureau chiefs examine historical trends of line-item costs using a three-year cost analysis to determine the needs of the department or office for the forthcoming year. The Office of Budget and Analysis reviews all requests for accuracy and completeness. This step usually occurs around the beginning of September. The Office of Budget and Analysis prepares the revenue projections for presentation to the Mayor, who evaluates the budget gap between revenue projections and expenditure requests. The Mayor meets with the Budget staff and conducts follow up meetings with Departmental Directors, Bureau Chiefs and other staff to determine the most viable means to balance the budget. Generally, multiple lengthy sessions over a period of 2 months are required before the budget is balanced and decisions regarding revenue and expenditure proposals are incorporated into the proposed budget document.

Based on the City's Administrative Code, the Mayor shall, not later than the month of November, require all department heads to submit requests for appropriations for the ensuing budget year, and to appear before the Mayor, the Business Administrator or Deputy BA at a public hearing, on the various requests, where each department and bureau directors substantiates their expenditure projections and justifies their requests

Pursuant to the City's Administrative Code, the Mayor's Proposed Budget is presented to City Council at the last legislative meeting in November, at which time the document becomes available to the public.

During Budget and Finance Committee meetings, set by City Council, all offices/departments present to Council an estimate of the revenues and expenditures required to provide public services during the ensuing fiscal year.

City Council then makes appropriations and adopts the budget by ordinance no later than December 31. During the month of January following a municipal election, however, City Council may amend the budget with proper notice for public inspection of the proposed budget amendment. Any amended budget ordinance must be adopted by City Council before the 16th day of February. Within 15 days after the adoption of the budget ordinance, a copy of the same must be filed with the Commonwealth of Pennsylvania, Department of Community and Economic Development.

## BUDGET CALENDAR

August-September	<ul style="list-style-type: none"> <li>• Prepare and distribute expenditure request preparation manuals</li> <li>• Prepare and distribute revenue project manuals</li> <li>• Update title and divider pages, table of contents, and organization charts</li> <li>• Compile expenditure requests returned from office/department directors</li> <li>•</li> </ul>
September-October	<ul style="list-style-type: none"> <li>• Update the Budget and Finance section</li> <li>• Design cover for Budget</li> <li>• Develop revised revenue and expenditure projections based on Sept. 30</li> <li>• Fiscal Report projections and actual activity to date</li> <li>• Mayoral budget hearings and review process with department directors</li> <li>• Update and distribute narrative and performance measurement preparation manuals</li> <li>• Update narratives and performance measurements as submitted by office/department directors</li> </ul>
October	<ul style="list-style-type: none"> <li>• Prepare a preliminary Summary statement of projected revenues vs. proposed expenditures</li> <li>• 1st and 2nd rounds of budget review with Mayor and Office of Budget and Analysis staff</li> <li>• Update Budget Summary section</li> </ul>
November	<ul style="list-style-type: none"> <li>• Hold Public Hearings to discuss department head requested budgets</li> <li>• Final revision and proofreading of Mayor's Proposed Budget</li> <li>• Compiling, printing, and binding of Mayor's Proposed Budget</li> <li>• Mayor's Proposed Budget presented to City Council</li> </ul>
December	<ul style="list-style-type: none"> <li>• City Council budget hearings and adoption</li> </ul>

## REVENUE PROJECTIONS

Using actual and projected data, various analyses are performed by the Bureau of Financial Management to project revenues. Revenue estimates are *mostly* based on three different projection methods which incorporate growth rates over the previous three years, current year receipts, and collection rates where applicable, and important input from department directors, as well as known variations in specific line item projections. Each projection method is tested against actual prior year revenues to determine validity. This validity test is conducted at the revenue line-item (detail) level, and only the projection methods deemed valid are utilized. In addition, unusual circumstances and one-time revenue sources are given appropriate consideration.

## REVENUE PROJECTION METHODS

<b>Method 1</b>	2021 Actual Revenues at September 30, 2021 / 9 months x 12 months
Explanation	A monthly average of current year revenues is calculated based on nine months of receipts, which are then annualized to project current year revenues. Based on revenue trends and this method of projection for 2021 revenues, 2022 revenues are projected.
<b>Method 2</b>	2021 Actual Revenues at September 30, 2021 / (2021 Actual Revenues at September 30, 2021 / 2020 Actual Revenues at December 31, 2020)
Explanation	A percentage of 2021 revenues are determined from revenue receipts at September 30, 2021. The 2021 actual revenues at September 30, 2021, are divided by the percentage collected at September 30, 2020, to project revenues for 2021. By reviewing revenue trends in conjunction with this method of projection for 2021 revenues, the 2022 revenues are projected.
<b>Method 3</b>	Percentage of 2020 Revenue Budget Collected at December 31, 2020 x 2021 Budget
Explanation	2021 revenues can be projected by multiplying the percentage of 2020 Budget which was collected at December 31, 2020, times the 2021 Budget. By reviewing the historical actuals to budget ratios, assumptions can be determined to assist in 2022 revenue projections.

## PERFORMANCE MEASUREMENTS

A Performance Program Budget (PPB) system utilizes specific program objectives to produce a desired output. The City currently does not present a formal programmatic budget; however, many aspects of the existing budget emulate the strategy of PPB. A program is a primary function of government which identifies clearly the delivery of a particular service to the taxpayers. The bureaus, divisions, and units actually represent individual City programs. An important exercise in preparing a PPB is determining performance measurements to meet specific program objectives.

The purpose of preparing performance measurements is to quantitatively determine the effectiveness and efficiency of departmental programs. The budget is the resource allocation plan for the City, and it identifies the financial input necessary to meet departmental objectives. Performance measurements, or indicators, measure the level of output against the input of budgeted funds. The end result should be to minimize the resources or dollars utilized to achieve a specified level of output.

From a policy standpoint, these measures can provide data to decision-makers to assist them in providing better services to citizens at the least possible cost. They also can provide direction in appropriating available resources, identifying areas of service which may require more resources, and addressing strengths and weaknesses in achieving the objectives of the services being provided.

Performance measurements are based on a management objective established by the department director. These measurements concentrate on the performance of the entire bureau or division, not on an individual's performance. The activities measured are those required to meet the overall objective of the department/bureau. If the measured activity achieves most of its objectives and receives a highly satisfactory rating, then it is considered to be effective.

The 2022 Proposed Budget does not include data measuring a department's performance as the 2019, 2020 & 2021 actuals and 2022 projected measurement data was not complete before the preparation of this document.

Since the City's management reserves the right to establish goals and objectives to determine the cost of service delivery, quantitative analysis of City services assists management in providing the best possible service at the least possible cost. It is hoped in the future that citizen surveys can become part of performance measurements to determine taxpayer satisfaction. Given the limited resources of time and staffing, such a survey is currently impractical. To some degree, however, the election process itself is an indication of taxpayer satisfaction.

## **BUDGETARY ACCOUNTING AND CONTROLS**

A City Council ordinance establishes the annual budget for the General Fund, Special Revenue Funds, Debt Service Fund, and Proprietary Funds. Budgets for all funds are prepared on a cash basis with respect to revenues and on an item vouchered basis with respect to expenditures. Some Special Revenue Funds are exempted from legally adopted budgetary requirements, such as Grants Fund, Capital Projects Fund, and Expendable Trust Funds.

Grant programs accounted for in the Grant Programs Fund are administered under project budgets determined by contracts with state and federal grantor agencies. Effective expenditure control is achieved in the Capital Projects Fund through bond indenture provisions and project budgets. Control over spending in the Expendable Trust Fund is achieved by the use of internal spending limits.

The administration may authorize budgetary transfers up to \$20,000 between major category line items. However, no transfers shall be permitted into or within any personnel line-items to augment any individual wage or salary allocation previously established by City Council for any position without City Council approval, except to accommodate payments to employees as required under applicable laws or collective bargaining agreements. City Council approval is required for transfers in excess of \$20,000 along budgetary major category line-items. In the absence of budgeted financing, City Council may approve a supplemental appropriation from unappropriated fund balances; or from a new, unanticipated and unbudgeted revenue source(s) received during the course of the budget year. There were supplemental appropriations enacted during 2021.

Appropriations are authorized by ordinance at the fund level with the exception of the General Fund, which is appropriated at the functional office or department level except for the Office of Administration, which has separate budgets for administration and general expenditures. Appropriations are further defined through the establishment of more detailed line-item budgets.

### Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the governmental and proprietary fund types. Encumbrances outstanding at year end do not constitute expenditures or liabilities, but are re-appropriated in the succeeding year. The City records such encumbrances as reservations of fund balance in governmental funds which have fund balances at year end. Encumbrance accounting is used in proprietary fund types as a tool for budgetary control, but reserves are not reported. The subsequent year's appropriations provide authority to complete the transactions as expenditures.

## **FINANCIAL INFORMATION**

The management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that assets are protected from loss, theft, or misuse and that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

### Independent Audit:

The City's Administrative Code requires an annual independent audit of the books of account, financial records, and transactions of the City by an independent certified public accounting firm. In addition, various bond indentures also require such an audit.

In addition to meeting the requirements set forth above, the audit has also been designed to comply with the Single Audit Act of 1984 and related OMB Circular A-133. The independent auditor's report on the basic financial statements, along with the combining and individual fund statements and schedules, is included in the financial section of the City's Comprehensive Annual Financial Report. The independent auditor's reports related specifically to the Single Audit are included in a separately issued single audit document.

#### Single Audit:

As a recipient of federal and state financial assistance, the City is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. The internal control structure is subject to periodic evaluation by management and internal audit staff of the City.

As part of the City's Single Audit, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs and the City's compliance with applicable laws and regulations.

#### Audit Committee:

During 2007, the City of Harrisburg established an Audit Committee to provide independent review and oversight of the City's financial reporting processes, internal controls, and annual audit. The City's independent auditor now reports directly to the Audit Committee, versus management as in prior years. The Committee is made up of five voting members and the City Council Budget and Finance Committee Chair, or his/her designee, as an ex officio sixth non-voting member. Three members must be well-versed in accounting procedures and one member must be a CPA. No City employee may serve as a member of the Committee, with the exception of the ex-officio Budget and Finance Chair or his/her designee.

#### Cash Management:

The City's current investment policy is to minimize credit and market risk while maintaining a competitive yield on its portfolio. All cash which is temporarily idle is invested in interest bearing demand deposits, repurchase agreements, or statewide money market funds, thereby increasing the average yield on idle funds. A significant portion of the City's cash and investments is maintained in bank trust accounts under the management of trustees.

An ordinance of City Council requires that all deposits be held in insured, federally regulated banks or financial institutions and that all amounts in excess of federal insurance be fully collateralized in accordance with a state statute which requires banks to pledge a pool of eligible assets against the total of its public funds on deposit.

#### Basis of Accounting:

Although the annual budget is prepared on a cash basis with respect to both revenues received and expenditures disbursed for all funds, the Governmental Funds and Expendable Trust and Agency Funds are reported on the modified accrual basis of accounting for financial statement purposes. Revenues of these funds are recognized in the year in which they become both measurable and available within 60 days after year end to pay current year liabilities. The major revenue sources accrued by the City include real estate taxes, local income and services taxes, intergovernmental revenue, departmental earnings, and investment income. Revenues from other sources are recognized when received. Expenditures are generally recognized in the year the related fund liability is incurred. Principal and interest on general long-term obligations are recognized when due. Prepaid items and inventory purchases are reported as expenditures in the year the items are used. Expenditures for claims, judgments, compensated absences, and employer pension contributions are reported as the amount accrued during the year that normally would be liquidated with expendable available financial resources.

The accrual basis of accounting is utilized by proprietary fund types for financial statement reporting purposes. Under this method, revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred.

# **BUDGET SUMMARY**

## **RESOURCE ALLOCATION**

The following Resource Allocation chart lists resources and appropriations for each fund and provides a grand total for all City resources. The accounts of the City are organized on the basis of fund(s), each of which is considered to be a separate accounting entity. These funds are the General Fund, Special Revenue Funds, Debt Service Fund, and utility funds. The City of Harrisburg has established the following utility fund: the Neighborhood Services Fund. Although each fund is accounted for independently, the proper cooperation and interaction among all funds contribute to the overall effective and efficient management of City government.

### GENERAL FUND

The General Fund is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.

### SPECIAL REVENUE FUNDS

Special Revenue Funds are defined as those funds used to account for proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

### STATE LIQUID FUELS TAX FUND

The State Liquid Fuels Tax Fund is used to account for State aid revenue for maintaining, lighting, building, and improving City roads and bridges in accordance with policies and procedures of the County Liquid Fuels Tax Act of 1931 and the Liquid Fuels Tax Act 655 of 1956 of the Commonwealth of Pennsylvania.

### HOST MUNICIPALITY FEES FUND

The Host Municipality Fees Fund is used to account for host municipality benefit fees received for critical environmental projects and related administrative costs, as mandated by Act 101 - The Municipal Waste Planning, Recycling, and Waste Reduction Act.

### SENATORS FUND

The Senators Fund accounts for the revenues and expenses associated with the payment of debt on the financing of a new stadium of the Harrisburg Senators, a minor league franchise formerly owned by the City.

### PARKS & RECREATION FUND

The Park & Recreation fund accounts for fee, contribution and grant revenue, along with related expenses, for use in the maintenance and betterment of the City's Parks & Recreation bureau, activities, and programming.

### NEIGHBORHOOD MITIGATION FUND

The Neighborhood Mitigation fund is responsible for the collection of fee revenue and related expenses of the City as they pertain to enforcement of ordinances regulating blight and local health, housing and safety codes and regulations, including expenses related to remediation of blighted conditions, as authorized

### SPECIAL EVENTS AND PROJECTS REIMBURSEMENT FUND

The Special Events and Projects Reimbursement Fund accounts for fee, service provision chargeback and contribution revenue, along with related expenses, for use in the maintenance and betterment of the City's Public Works department

### FIRE PROTECTION FUND

The Fire Protection fund accounts for fee, contribution and grant revenue, along with related expenses, for use in the maintenance and betterment of the City's Fire department and activities.

### POLICE PROTECTION FUND

The Police Protection fund accounts for fee, contribution and grant revenue, along with related expenses, for use in the maintenance and betterment of the City's Police department and activities.

#### WHBG FUND

The WHBG fund accounts for fee, contribution, advertising and grant revenue, along with related expenses, for use in the maintenance and betterment of the City's government access cable television channel and station

#### EVENTS FUND

The Special Events Fund accounts for all revenue raised in support of the City's events, including the July 4th Celebration, Kipona, the Holiday Parade and New Year's Eve. This fund also accounts for related event expenses and is overseen by the Director of Business Development and the Events and Marketing Manager.

#### DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of resources, principally transfers from the General Fund and State Liquid Fuels Tax Fund, and proceeds from the sale/lease or use of City assets, for the payment of general long-term debt principal, interest, and related costs.

#### CAPITAL PROJECTS FUND

The Capital Projects Fund is used to account for financial resources to be used for the acquisition, construction, or improvement of major capital facilities (other than those financed by proprietary funds).

#### UTILITY FUND

Utility funds (also termed enterprise or proprietary funds) are used by a governmental entity to account for services provided to the general public on a user charge basis.

#### NEIGHBORHOOD SERVICES FUND

The Neighborhood Service Fund is used to account for the revenues and expenses associated with the provision of refuse collection and disposal services to residential, commercial, and industrial establishments of the City as well as Parks and Recreation maintenance services and road repair services, as those are related to the facilitation of refuse collection and disposal services, broadly defined.

RESOURCE ALLOCATION  
2022 PROPOSED BUDGET

RESOURCES		APPROPRIATIONS	
GENERAL FUND	72,523,000	GENERAL FUND	70,754,062

## OFFICE OF CITY COUNCIL

Harrisburg's City Council is the Legislative Branch of City government. The City Council consists of seven members who are elected at large. The City Council President is elected by the Council members and presides over the Council meetings. In the event of illness or absence, the Vice-President presides over the meetings. City Council considers and evaluates legislative concerns through a study committee structure consisting of committees on Administration, Budget & Finance, Building & Housing, Community & Economic Development, Parks & Recreation, Public Safety, and Public Works. City Council also confirms all department directors and certain other Mayoral appointees. Council is also required, by the Third Class Optional City Code of Pennsylvania, to pass an annual budget by December 31 of each fiscal year.

## OFFICE OF THE MAYOR

The Mayor is the Chief Executive Officer of Harrisburg's government. The Mayor is an elected official, is full-time, and is the sole appointing authority of all department and office directors and Mayor's Office staff. Department heads must be confirmed by a majority of City Council before appointment is permanent. Senior City government officials, including department and office heads, comprise the Mayor's Cabinet. The Mayor has broad discretionary, executive, and administrative authority under the provisions of the Third Class Optional City Code of Pennsylvania, the City's Charter, and the Codified Ordinances of the City of Harrisburg. The Mayor also heads the Executive/Administrative Branch of City government. The Mayor is automatically a member of several public or quasi-public boards of directors, including the Tri-County Planning Commission and the Harrisburg Area Transportation Study Group (HATS). The Mayor is the sole appointing authority of members of most boards, commissions and task forces, with City Council confirmation required for many of these appointees.

The Mayor has broad policy-making authority, and by Executive Order or other action, can direct the use of municipal resources, including the setting of priorities for the use of resources. The Office can assume an initiative role in matters, projects, and policies of a Citywide or regional nature. In the event of a civil emergency or natural disaster, the Mayor, under State and City laws, has the sole authority to declare a state of emergency and to direct or redirect governmental and other response to such events. Administratively, the Mayor has contracting authority and no valid or binding contract involving the municipal government exists without the Mayor's and City Controller's signatures.

## OFFICE OF THE CITY CONTROLLER

The Office of City Controller is an autonomous office of City government headed by the City Controller, an independently elected official. This office is responsible for the review and approval of all expenditures and obligations of the City. Performing the internal audit function requires that all purchase orders, warrants, contracts, and agreements be reviewed for compliance with the Third Class City Code, other State laws, City of Harrisburg administrative policies, and City ordinances. The signature of the City Controller is a legal requirement on all of the aforementioned documents. This office also issues monthly financial reports to the Mayor and City Council, which analyze revenues and expenditures for all budgeted funds.

## OFFICE OF THE CITY TREASURER

The Office of City Treasurer is headed by the City Treasurer, an independently elected official. The City Treasurer is responsible for the collection, safekeeping, and investment of City revenues; including all fees, fines, and taxes. The City Treasurer also serves as collector for Harrisburg School District taxes. Computer technology advancements have improved the collection of payments and the reporting of such receipts. Examples include: direct debit; processing scannable tax, utility bills and parking tickets; various banking software; acceptance of credit and debit cards for all payments; automatic payment plan options; electronic funds transfer acceptance; computerized processing of multiple payments; computerized returned check procedures; and the use of computer generated lists to process payments. Additional improvements still in the testing phase include: internet payments, on-line bill payment, on-line electronic check acceptance.

All monies collected are invested utilizing several money management techniques to optimize interest earnings while ensuring the safety of funds. Economic trends and monitoring of the financial markets allow for maximized yield investment strategies.

The City Treasurer must sign all checks disbursed for payroll and the receipt of goods or services, in addition to coordinating all electronic fund transfers and receipts. This office is responsible for obtaining all information necessary for issuing Municipal Fire Certificates in accordance with the City and State fire insurance escrow laws. Treasury prepares and distributes to departments monthly reports for City investments, paid invoices, credit card activity, and the cumulative history of insufficient funds checks. On a daily basis, Treasury monitors the City's bank accounts electronically. The Treasurer also executes funding transfers for debt service payments on all outstanding City bond and note issues. This office has the authority to manage all bank accounts of the City, including the transfer of funds between different bank accounts and the reconciliation to the City's general ledger.

## OFFICE OF THE CITY SOLICITOR

The City Solicitor's Office is responsible for handling all legal matters affecting the City. This entails providing legal counsel to the Mayor, the City Controller, the City Treasurer, and City Council.

This office manages all legal action taken by the City and defends or supervises the defense of actions filed against the City, including all labor law matters. It reviews and provides administrative legal support for all bond issuances prepares and files all proofs of claim on behalf of the City in bankruptcy proceedings and represents the City in all such proceedings. It also plays a significant role in major projects undertaken by the City and handles real estate transfers and loan closings for the Department of Community and Economic Development.

Law Bureau staff prosecutes codes violations, violations of City ordinances, bad check cases, and other criminal offenses in the name of the Commonwealth, and participate in all tax assessment appeals filed by property owners. The Office drafts or reviews, for form and legality, all legislation considered by Council and all City contracts. The City Solicitor provides legal opinions to department directors, bureau chiefs, and their staff, to assure legal compliance in matters affecting their departments and assists the Department of Administration's efforts to recover delinquent taxes and utilities. The City Solicitor's opinion on legal matters is final within City government.

## OFFICE OF THE BUSINESS ADMINISTRATOR

The Department of Administration is headed by the Chief of Staff/Business Administrator who is appointed by the Mayor and confirmed by City Council. The Department of Administration performs the risk management, technological, personnel, and central administrative functions of the City. The Chief of Staff/Business Administrator has the authority to oversee the direct management of all City departments which are under the administrative jurisdiction of the Mayor, as well as inter-action with agencies which are outside of the Executive Branch and directly manages six bureaus: Business Development, Communication, Community Development, Information Technology, Human Resources and Licensing, Taxation and Central Support. The Chief of Staff/Business Administrator serves as the Mayor's designee on various Boards and Commissions.

The Chief of Staff/Business Administrator conducts scheduled labor management meetings with each of the union groups throughout the year and resolves issues which could result in grievances whenever possible, acts as the Third-Step Hearing Officer for Union grievances in the Mayor's stead. Also, the Chief of Staff/Business Administrator has the responsibility for contract negotiations with all three union groups.

## BUREAU OF FINANCIAL MANAGEMENT

The Department of Financial Management is responsible for the overall fiscal management of the City. This includes the management of all funds, accounting for all assets and financial activity, the production of all financial documents, and the administration of Debt Service, General Expenses, and Transfers to Other Funds. This Department also aids in the administration of the City's three pension plans. For the Department to complete these tasks, it is organized into four offices.

The Accounting Office manages the cash flow and accounts payable functions for the City. This office also oversees the City's computerized accounting and financial reporting systems, and is responsible for preparation of the annual audit and development of the Comprehensive Annual Financial Report.

The Office of Budget and Analysis is responsible for the preparation, development, distribution, and monitoring of the City's annual budget which is submitted to Council at the last Legislative Session in November. This office also prepares the Mid-Year Fiscal Report, which highlights the financial status of all budgeted funds as of June 30th of the current year compared to June 30th of the previous year. The Mid-Year report also projects the financial performance for the current year-end.

The Purchasing Office is responsible for overseeing the procurement of most City materials, supplies, and services. All procurement documentation is compiled and stored within the Purchasing Office. Furthermore, this office must assure fair and equitable distribution of City contracts and agreements for capital and non-capital products and services, including the preparation and advertising of public bids and the awarding of those contracts. This office also administers insurance claims and collection activities.

## BUREAU OF COMMUNICATION

The Bureau of Communications manages all internal and external communications and marketing for government operations of the City of Harrisburg. It is responsible for graphic, photo, video, audio and information services, as well as for the City's 311 system and atrium Help Desk. The bureau organizes news conferences, issues news releases, media advisories as well as online and social media communications. The Bureau of Communications also manages media relations, organizes informational events and campaigns, as well as manages WHBG Channel 20, the government access cable television channel and station. The bureau manages relations with adjacent government agencies to ensure compliance with the City's Cable Television Franchise agreement.

## BUREAU OF INFORMATION TECHNOLOGY

The Bureau of Information Technology is responsible for the administration of the City's blend of mainframe, network and cloud-based computer systems. These systems are utilized by General Government and the Departments of Administration, Community and Economic Development, Public Safety and Public Works.

The bureau programs, controls, troubleshoots and monitors a wide array of mainframe-based systems used throughout the City's operations. Examples of these systems include the computerized billing system for property real estate taxes, mercantile taxes and licenses; billings for disposal and refuse charges; human resource management; Treasury accounts receivable system, insurance claims management; field reports for all service calls for police; and Codes licenses, permits, inspections and complaints.

The bureau also provides technical support and maintenance for the City's network of personal computers, laptops and mobile devices; and is responsible for the installation, maintenance, and troubleshooting of servers, routers, switches, and firewalls for the City's Local Area Network (LAN) and Wide Area Network (WAN). Responsibilities extend to troubleshooting of computer software, hardware, peripherals, telecommunications systems and services, and related equipment.

The bureau partners with various local, state and national organizations to extend and expand the technological capabilities of the City's operations. Evaluating emerging technologies and vendor offerings assists with the process of modernizing and streamlining processes and systems deployed throughout the City.

Daily responsibilities include: monitoring, configuring, and troubleshooting server backups and restoring systems; monitoring virus activity and cyber threats through a central management console; implementing LAN and local printer services; moving, adding, deleting and upgrading software.

## BUREAU OF HUMAN RESOURCES

The Bureau of Human Resources is comprised of two primary functions: Human Resources Administration and Payroll. Human Resources oversees and administers a wide range of centralized personnel services for City Government including, but not limited to: recruitment for management positions; testing, screening, hiring and processing individuals to fill vacant bargaining-unit positions; enforces civil service rules and regulations and administers the promotional processes, where applicable, for the Harrisburg Police, Fire and Non-Uniform Civil Service Commission; unemployment compensation matters; conducts new hire orientation sessions and exit interviews; labor relations matters; benefits administration, including management of health care for active employees and retirees, pension plans, and leave benefits; worker's compensation program; and drug and alcohol testing. The Bureau assists the Business Administrator and the department directors in developing job descriptions for management and bargaining-unit positions.

Payroll is responsible for processing the City's biweekly payroll, maintaining payroll records and managing federal, state and local tax deductions as well as other mandatory payroll deductions and voluntary contributions. Staff is also responsible for ensuring all withholding reporting requirements are met. Staff works closely with all timekeepers to ensure smooth and accurate payroll processing. Staff also effectuates scheduled salary increases for bargaining-unit employees and merit pay increases based on performance evaluations for management personnel.

## BUREAU OF LICENSING, TAXATION AND CENTRAL SUPPORT

The Tax and Enforcement unit bills and collects mercantile, business privilege, parking, and amusement taxes as well as various license fees for the City and the Harrisburg School District. This unit also administers the dog licensing program and manages all activities associated with the City's burglar and fire alarm program. A civil collection program is in place to collect all delinquent taxes.

The Bureau also includes the Duplication Center which is responsible for the daily handling of incoming and outgoing mail, processing printing jobs for all City departments and the distribution of office supplies.

## BUREAU OF PLANNING

The Bureau of Planning promotes development and reinvestment in the City of Harrisburg in order to preserve neighborhoods while fostering economic development. The Planning Bureau reviews development proposals to insure that new development is consistent with the City's Comprehensive Plan as well as the Zoning Code and the Subdivision and Land Development Code. The Planning Bureau provides staff support to three citizen land use boards: the Harrisburg Planning Commission, the Zoning Hearing Board, and the Harrisburg Architectural Review Board (HARB).

In addition to its core responsibilities of current and long-range planning, the Bureau is also the primary contact for Census preparation efforts as well as land development review, architectural compliance, and assistance in the preparation of maps to support planning efforts.

The Planning Bureau's most significant project is the completion of the new Zoning Code for the City of Harrisburg and completion of the Historic District Design and Preservation Guide. The Bureau is also assisting with the completion of a revised City Comprehensive Plan.

## BUREAU OF CODES

The Bureau of Codes is responsible for the enforcement of building construction, electrical standards, plumbing, health and sanitation, and property maintenance codes for residential and commercial structures.

The Bureau processes all permits relating to building construction, electrical and plumbing work, as well as assisting with zoning compliance. The Bureau also issues licenses for electricians, plumbers, and rooming houses. The building, electrical and plumbing inspectors perform progressive inspections on new construction, rehabilitation, and alteration projects.

The Building Inspector enforces the building codes on all construction activity for new construction and rehabilitation work on all commercial and residential structures. The Codes Enforcement Officers inspect for code violations in existing structures and vacant lots, including but not limited to, high grass and weeds, sanitation, plumbing, heating, electrical, vector problems and structural violations.

The Bureau ensures compliance with federal guidelines by regulation development in floodplains. Promotion of safe flood measures and preventative actions to decrease damage are sent to property owners, lenders and insurance agents. Through the Community Rating System these steps have rewarded property owners in the Special Flood Hazard Areas a 20% savings on flood insurance premiums annually.

## **BUREAU OF POLICE**

### **Office of the Police Chief**

The Commanding Officer of the Bureau is the Chief of Police. This office is responsible for the management of available resources to ensure that the Bureau's goals and objectives are achieved. The Chief's Office is responsible for the direct supervision of one Administrative Support staff, Internal Affairs Unit, Street Crimes Unit, FBI Task Force, Community Policing, and Animal Control.

The Harrisburg Bureau of Police is a PLEAC accredited agency. The Bureau attained this prestigious status in 2003 from the PA Chiefs of Police Association Accreditation Committee, and was last reaccredited in 2014.

### **Uniformed Patrol Division**

The largest Division of the Bureau is the Uniformed Patrol Division, which is commanded by the Bureau's Uniformed Patrol Commander. The Division consists of three Platoons. Also under the Division are the specialty units which include the K-9 Unit, and Housing Police Unit. These Uniformed Officers respond directly to the public's calls for service and are on the "Front Line" of Law Enforcement every day.

### **Technical Services Division**

The Technical Services Division is comprised of Units which support the Patrol and Criminal Investigative Divisions and service the community in a variety of functions. The Bureau's Training Unit, Property Management Unit, Court Liaison/Special Events Officer, Abandoned Vehicle Officer, Accreditation Officer, Police Data Technicians and Records Center Staff are assigned to the Technical Services Division.

The Parking Enforcement Unit is also part of the Technical Services Division. Parking Enforcement personnel are responsible for enforcing the parking ordinances of the City of Harrisburg and the parking statutes of the Commonwealth of Pennsylvania.

### **Criminal Investigation Division**

The Criminal Investigation Division investigates adult and juvenile crimes referred by the Uniformed Patrol Division, and law enforcement community. The Division is broken down into the Adult Offender, Juvenile Offender, Organized Crime and Vice Control, Special Operations, Forensic, Arson Unit, one Administrative Support staff and The Dauphin County Victim/Witness Assistance Program. The primary goal of this Division is to resolve crime through investigation.

## BUREAU OF FIRE

The Harrisburg Bureau of Fire exists to serve the City of Harrisburg, and when needed, the greater Harrisburg metropolitan area by providing effective fire suppression, emergency medical services, tactical rescue, urban search and rescue, water rescue, hazardous materials response, fire prevention, codes enforcement, and public safety education.

The Bureau of Fire is a team of highly motivated diverse individuals dedicated in common to public interaction and providing efficient services. This involves the use of modern fire and rescue equipment, integrated up-to-date training and safety techniques, computer technology, and cooperation with surrounding fire, rescue, and EMS agencies to provide the best service available by making public safety and protection our perpetual primary priority.

Effective suppression of fires involves arriving at the scene of an emergency quickly so the persons can be rescued and the fire can be attacked to prevent the spread of fire. It is the goal of the Bureau of Fire not to allow a fire to extend beyond the room, floor, or building of origin that is found involved in fire when arriving on scene. To effectively carry out our mission, the Bureau of Fire responds from three fire stations with five pieces of front line apparatus that are staffed 24/7 by at least 15 firefighters and fire officers.

The Bureau also maintains a fleet of boats; water rescue related tools and equipment, as well as highly trained staff. These resources provide advanced capabilities to deal with incidents on the Susquehanna River and its islands, as well as the small lakes and streams that are contained within the borders of the City. The water craft are also deployed to assist stranded motorists during street flooding events.

The Bureau of Fire, by providing effective emergency medical services, has fostered a close working relationship with Pinnacle Health's Community LifeTeam to assist in providing prompt EMS care to the citizens and visitors to our City. All Bureau of Fire apparatus is equipped with Automated External Defibrillators (AED's) and is able to provide prompt response. All new Fire Bureau recruits are required to maintain EMT status for the duration of their employment.

The Bureau of Fire is proactive in teaching fire prevention and preventing fires and other emergencies before they occur. The Fire Prevention Officer interacts on a daily basis with schools, daycares, and businesses to provide quality fire prevention materials and training. The Fire Inspector conducts fire inspections for the vast array of businesses in the City by taking a proactive approach. The Fire Inspector also initiates inspections from complaints received from residents and business owners, and works collectively with the Bureau of Codes to successfully mitigate hazardous conditions.

The Bureau of Fire is also responsible for effectively running the City's Emergency Operations Center during natural and man-made disasters, coordinating and running the Rescue 1 program, providing manpower for the PA Urban Search and Rescue Task Force, administering the Juvenile Fire Setter Intervention Program, maintaining an active role in the South Central PA Counter Terrorism Task Force, actively participating with the Dauphin County Hazardous Materials Response Team, as well as many other required and fiduciary responsibilities.

## BUREAU OF TRAFFIC & ENGINEERING

The Bureau of Traffic and Engineering, headed by the City Engineer, provides professional engineering services for the maintenance of City streets and utility systems. The Office also ensures the construction of City streets and utility systems are in accordance with City ordinance, state laws, and sound engineering practices. This office also maintains signalized intersections, streetlight repair, and the installation of all traffic control signs as well as the City's GIS System and manages capital improvement projects for the City.

## BUREAU OF FLEET MANAGEMENT

The Bureau of Fleet Management is responsible for the administration, maintenance, and repair of the City's vehicular equipment fleet. The fleet consists of over 300 vehicles and pieces of equipment ranging from tractor trailers, articulated wheel loaders, fire apparatus, motor cycles and police vehicles, to small equipment such as tractors and lawnmowers.

The administration of the Bureau includes: preparation of the annual budget submission, equipment specifying, titling, licensing, maintaining of state inspection records, surplus disposal, and the scheduled maintenance and repair of all City-owned vehicles. Other associated activities include, but are not limited to, the maintaining of automated reports/records; a parts and supply inventory; a fuels/lubricants management program; and the testing and evaluation of programs, such as alternate fuels, to determine the feasibility of adoption for City operations. The Bureau has also adopted a new program to keep computerized records to help maintain efficiency in the fleet.

## BUREAU OF PARKS, RECREATION & FACILITIES

The Bureau of Parks & Recreation provides quality leisure time programming and services to individuals of all ages with an emphasis on youth. The Bureau acts as stewards of the City's recreational and horticultural resources including parks, playgrounds, green spaces, as well as all physical plant facilities of the City, including the MLK and Public Works Buildings.

# BUREAU OF CITY SERVICES

The Bureau of City Services is responsible for weekly refuse collection, recyclables collection, and transportation of both to the Harrisburg Resource Recovery Facility and Penn Waste's Recycling Facility. Residential customers are provided weekly service while commercial accounts are collected up to seven times weekly. Special collections and neighborhood non-bulk collections are provided on a call-in basis in addition to regular weekly services. In addition, the Bureau empties 250 sidewalk receptacles weekly and cleans, cares for and maintains all Parks and Recreation facilities.

**BUREAU OF NEIGHBORHOOD SERVICES  
PARK MAINTENANCE**

The Park Maintenance department, in the Neighborhood Service Bureau, cultivates and ensures the health and cleanliness of all 28 parks and playgrounds in the city. As well as, trims and cares for the estimated 49,000 Non-Shade Trees in the jurisdiction of Harrisburg and the green belt system. Furthermore, it is responsible for planting new trees, plowing and removing snow from major traffic arteries and eliminating unsightly graffiti.

EXPENDITURE ANALYSIS DETAIL  
2022 PROPOSED BUDGET

Neighborhood Services Fund

2584 Park Maintenance

**Allocation Plan**

**Position Control**
