Public reporting burden for this collection of information is estimated to average six (6) hours per initial response, and four (4) hours for updated plans, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid Office of Management and Budget (OMB) control number.

**Purpose of Form:** All applicants for participation in FHA subsidized and unsubsidized multifamily housing programs with five or more units (see 24 CFR 200.615) must complete this Affirmative Fair Housing Marketing Plan (AFHMP) form as specified in 24 CFR 200.625, and in accordance with the requirements in 24 CFR 200.620. The purpose of this AFHMP is to help applicants offer equal housing opportunities regardless of race, color, national origin, religion, sex, familial status, or disability. The AFHMP helps owners/agents (respondents) effectively market the availability of housing opportunities to individuals of both minority and non-minority groups that are least likely to apply for occupancy. Affirmative fair housing marketing and planning should be part of all new construction, substantial rehabilitation, and existing project marketing and advertising activities.

An AFHM program, as specified in this Plan, shall be in effect for each multifamily project throughout the life of the mortgage (24 CFR 200.620(a)). The AFHMP, once approved by HUD, must be made available for public inspection at the sales or rental offices of the respondent (24 CFR 200.625) and may not be revised without HUD approval. This form contains no questions of a confidential nature.

**Applicability:** The form and worksheets must be completed and submitted by all FHA subsidized and unsubsidized multifamily housing program applicants.

#### **INSTRUCTIONS:**

**Send completed form and worksheets to your local HUD Office, Attention: Director, Office of Housing**

#### **Part 1: Applicant/Respondent and Project**

**Identification.** Blocks 1a, 1b, 1c, 1g, 1h, and 1i are self-explanatory.

Block 1d- Respondents may obtain the Census tract number from the U.S. Census Bureau (<http://factfinder2.census.gov/main.html>) when completing Worksheet One.

Block 1e- Respondents should identify both the housing market area and the expanded housing market area for their multifamily housing projects. Use abbreviations if necessary. A **housing market area** is the area from which a multifamily housing project owner/agent may reasonably expect to draw a substantial number of its tenants. This could be a county or Metropolitan Division. The U.S. Census Bureau provides a range of levels to draw from.

An **expanded housing market area** is a larger geographic area, such as a Metropolitan Division or a Metropolitan Statistical Area, which may provide additional demographic diversity in terms of race, color, national origin, religion, sex, familial status, or disability.

Block 1f- The applicant should complete this block only if a Managing Agent (the agent cannot be the applicant) is implementing the AFHMP.

#### **Part 2: Type of AFHMP**

Block 2a- Respondents should indicate the status of the AFHMP, i.e., initial or updated, as well as the date of the first approved AFHMP. Respondents should also provide the reason (s) for the current update, whether the update is based on the five-year review or due to significant changes in project or local demographics (See instructions for Part 9).

Block 2b- Respondents should identify all groups HUD has approved for occupancy in the subject project, in accordance with the contract, grant, etc.

Block 2c- Respondents should specify the date the project was/will be first occupied.

Block 2d- For new construction and substantial rehabilitation projects, advertising must begin at least 90 days prior to initial occupancy. In the case of existing projects, respondents should indicate whether the advertising will be used to fill existing vacancies, to place individuals on the project's waiting list, or to re-open a closed waiting list. Please indicate how many people are on the waiting list when advertising begins.

**Worksheet 1: Determining Demographic Groups Least Likely to Apply for Housing Opportunities**  
**(See AFHMP, Block 3b)**

In the respective columns below, indicate the percentage of demographic groups among the project's residents, current project applicant data, census tract, housing market area, and expanded housing market area (See instructions to Block 1e). If you are a new construction or substantial rehabilitation project and do not have residents or project applicant data, only report information for census tract, housing market area, and expanded market area. The purpose of this information is to identify any under-representation of certain demographic groups in terms of race, color, national origin, religion, sex, familial status, or disability. If there is significant under-representation of any demographic group among project residents or current applicants in relation to the housing/expanded housing market area, then targeted outreach and marketing should be directed towards these individuals least likely to apply. Please indicate under-represented groups in Block 3b of the AFHMP. **Please attach maps showing both the housing market area and the expanded housing market area.**

If a residency preference is utilized, the preference must be in accordance with the non-discrimination and equal opportunity requirements contained in 24 CFR 5.105(a). This Worksheet will help show how the percentage of the population in the residency preference area compares to the demographics of the project's residents, applicant data, census tract, housing market area
