COMMUNITY ART PROJECT

PAINT A FISH SCULPTURE DURING THE FESTIVAL THAT WILL BE PART OF A PERMANENT ART INSTALLATION!

A colorful school of fish is coming to City Island! During the event, attendees ages 10 and older can paint their own fish sculpture with whatever design and colors they'd like. We will later display the fish as part of a permanent art installation on City Island. There will be 450 fish in total to create an eye-catching splash of color and fun photo opp. The fish sculptures will resemble a Rock Bass, a fish species found in the Susquehanna River along with other waterways throughout the State. Sculptures will be provided as long as supplies last, so we recommend arriving early each day if you want to participate.

Thanks to Green Mountain Energy for your support of this project!

This project was inspired by the "One Fish, Two Fish" art installation in Whitehorse, Yukon, Canada. A photo of this project is above.

The photo on the right is an example of the fish sculpture you will be able to paint during the event.

HBG FEST

POWERED BY

Shop over 40 artists and craftsman from Central PA throughout the weekend. Look for the giant white tent located on Front Street between Forster and North Streets.

The HBG Flea is a monthly, curated flea market that connects local vendors and shoppers, empowering neighbors to support each other. They are a place for up-and-coming businesses and hobbyists to bring their work to a supportive clientele.

Visit their outdoor markets beside the Midtown Cinema on the first Saturday of each month from May-October.
